TRANSPORTATION

Delivery/collection to/from a Kemp Sails designated location is in most cases free of charge. Delivery/collection to/from other locations by arrangement and charged at cost. Contractor fees may also apply (site management dictated).

Our van runs regularly (usually weekly) to locations as follows:

- Swanwick Marina (ask in office), Swanwick, Southampton, SO31 1ZL
- Gosport Premier Marina (ask in office), Mumby Road, Gosport, PO12 1AH
- Apollo Marine, Puma Building, P3, Navigator Park, Portland DT5 1FU

Packing/delivery for a courier package (up to 25kg) is charged according to volumetric weight min fee **£39.00**

Over 25kg and/or any dimension over 1m long ships as "freight" - £POA. Consignments to Northern Ireland, or "Highlands and Islands" attract surcharges. Spares and small items charged at the appropriate Royal Mail rate plus a small handling fee.

OFF-SITE WORKING

Sail/canvas removal or fitting is £87.00 per person per hour.

Travel time charged at £60.00 per person per hour from either Wareham or Gosport.

Yacht must be alongside a mainland marina berth and accessible at all tidal states, and prices for removal or fitting are (usually) between Portsmouth and Portland only. Sails can't be removed from (or fitted to) yachts that are out of the water! The need for favourable wind and weather conditions mean that a window of opportunity is required to remove and/or refit sails that may not be convenient for meeting owners or representatives: however, do note that no below deck access is required.

STORAGE

Free sail storage is offered for up to 6 months, where invoices are paid within 14 days.

In any other case, £2.40 per kg per sail per month, or any part thereof.

SUNDRY SERVICES

Supply of measurements on new sails is free of charge in most cases. Sail measuring from £100.00 for existing sails.

Detailed reports, for example an insurance letter, are charged 'on demand' at our standard hourly rate.
